**John Lute, Brian Meadows : OCP System Oliver Clarke Super Precision Volume 3: Complex Version - The Complex OCP System Competitive Bidding Defensive Preferences Partnership Understanding Checklists**

before purchasing it in order to gauge whether or not it would be worth my time, and all praised OCP System Oliver Clarke Super Precision Volume 3: Complex Version - The Complex OCP System Competitive Bidding Defensive Preferences Partnership Understanding Checklists:

The final volume of a three volume set on the OCP version of Super Precision. This hidden gem is gaining notoriety for finding hidden slams and razor-thin games while being lots of fun to play. While written with the Intermediate-Advanced player in mind, even seasoned Precision will want to give this book a serious look. It takes some effort from the start, but once you wrap your head around this system and its concepts, you will not go back to your old bidding system. Guaranteed to improve your game. Welcome to the increasing family of OCP practitioners.
