Doug Gardner : OCTO Genesis: Easy and Medium Octo Puzzles before purchasing it in order to gage whether or not it would be worth my time, and all praised OCTO Genesis: Easy and Medium Octo Puzzles:

0 of 0 people found the following review helpful. He absolutely loved it and wants more booksBy CustomerWas a gift for my brother. He absolutely loved it and wants more books. I think price is a big high though for a paperback puzzle book.3 of 3 people found the following review helpful. Expand your Sudoku Mind!By J. B. SullivanI met the author in an airport and he generously taught me to do this wonderful new puzzle! Tired of Sudoku, this is the way to go. Octo appeared complicated at first, but once you get the basic rules down it is a very fun and engaging game. I can't stop

doing them, and am already purchasing several copies for friends and relatives who are long time Sudoku players. If you have any questions while trying to learn it, I'm sure you can contact the author at his website. I'm so appreciative of the opportunity to learn about this wonderful new puzzle! Check it out -- you won't be sorry! 0 of 0 people found the following review helpful. You will like, if you're a math geek By Scott Blakely You will like, if you're a math geek, and yes it's fun! The author/creator is genuine, and will help with questions, check OCTO.com website or on facebook. Get your nerd on and try it!!

The OCTO puzzle is a brand-new, patent-pending math and logic challenge that is part Sudoku, part Kakuro, and part something else entirely! OCTO Genesis is a collection of 60 Easy and Medium OCTO puzzles--the perfect introduction to the challenging, fun, and addictive brain teaser known as the OCTO puzzle.
