Odile Gilbert, Sante d'Orazio, Glenn Ligon, Karl Lagerfeld, Peter Lindbergh : Odile Gilbert: Her Style before purchasing it in order to gage whether or not it would be worth my time, and all praised Odile Gilbert: Her Style:

It's not only fashion designers who leave their mark on a look: they'd be nothing without make-up artists and hairstylists. Odile Gilbert, one of the most creative hairstylists of all, finds herself in the greatest of demand these days. She works her fleeting, human materials into designs much as a sculptress would, borrowing from historical styles and ethnic languages of form, using feathers, earth and precious stones to fashion the most lavish of creations. This book sneaks a look behind the scenes of the fashion world and shows Odile Gilbert at work and alongside her finished creations. Her Style includes pictures of fashion shows, photographs for magazines and advertising campaigns. It is the result of many layers of fruitful collaboration: stylized with some of the world's best known fashion designers,

photographed by the best fashion photographers and modeled on the most famous models of our time.
