Randy Buehler : Offl G/6e,magc: Gath Str before purchasing it in order to gage whether or not it would be worth my time, and all praised Offl G/6e,magc: Gath Str:

0 of 0 people found the following review helpful. Not worth buying By Roger J. Rothove Outdated rules no longer applicable to current gaming. 2 of 2 people found the following review helpful. For Intermediate Players By A Customer This book is terrific if you have been playing Magic at the starter level and now wish to expand your play, or if you (like me) have been away from the game for a while and wish to get an update on the latest card set-- the 6th edition. There have been some simplifications and clarifications to the rules, and Mr. Buehler explains those very well.

The book also contains chapters on strategy, deck construction, and the tournament scene, as well as a complete card list for 6th edition including everything on the cards except the art. I highly recommend this book as THE resource for the 6th edition. 8 of 9 people found the following review helpful. More than just a rule book. By nnjashan This book is not only a great way to learn the NEW 6th ed. rules this book gives lots of great tips lit single card stratigies, constructed deck building, sealed deck building and lots of just plain good facts. I've been playing magic sense 1994 and I still found this book to be very usful. Buy it really you'll thank yourself later I promise.

Gain the upper hand with the strategy guide to MAGIC: THE GATHERING Classic card set. Randy Buehler, columnist for The Duelist magazine, and veteran tournament player, draws on his professional experience to help players master the new Classic rules. --Randy Buehler is a former Pro Tour Rookie Player of the Year --The guide includes deckbuilding tips, playing strategy, and deck themes.
