Maggie Kneen : Old English Tarot before purchasing it in order to gauge whether or not it would be worth my time, and all praised Old English Tarot:

0 of 0 people found the following review helpful. Beautiful art, but not for the tarot beginner. By Lev Beautiful art, beautiful deck. The minimalist booklet that comes with it relies heavily on knowing traditional tarot meanings, but you can also read the meanings of the cards in the images alone. One of my favorite decks to work with. I don't recommend it for total tarot beginners, but if you're comfortable with tarot in general and love medieval art, you'll love the gentle, friendly feeling of the cards and the intricate details of the artwork. I also love the androgyny of many of the human figures in the deck; if you feel pulled towards androgynous expressions, this deck may suit your aesthetics very well. 2 of 2 people found the following review helpful. Quaint but powerful By moonbeamz This is a stunning deck, simple and quaint on the surface, but packs a punch through a reading. I really love the card stock with this deck and can envisage keeping and using it for many years. Not a deck for those who rely on illustrated minors however, but a solid deck regardless. 1 of 1 people found the following review helpful. Old World Charm By M. Lockwood It's a nice quality deck with old world charm. Illustrated pips make reference to an historic document which is a bit obscure, but worth the trouble to research because it's fascinating. Colors very soft and images a bit too small. I tend to prefer bolder decks. But this is still a pretty deck.

The gentle, graceful imagery of this charming deck is set against a tapestry of medieval England. Old English Tarot inspires a peaceful atmosphere for readings and meditation.
