Those solid, sensible homes of New England have been studied for their architectural merit and as reflections of popular styles in this comprehensive picture book. A wide variety of homes of Colonial, Georgian, Federal and Victorian taste in Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut are presented with an informative and readable text. Floor plans are given for many of the homes, and the 225 color pictures show several angles of the buildings besides frontal views. Historians, architects and home restorers will particularly enjoy this book.

About the Author From Lyme, Connecticut, Stanley Schuler is the author of many books about architecture, building and gardening.
