They have the denomination in one corner only, so you have to arrange them in a certain way to see what you are holding. I've never seen a deck of cards that wasn't marked in opposite corners so that you could read

them upside down or right side up. Silly!0 of 0 people found the following review helpful. Perfect Gift for the LadiesBy Frank CervixThe Ladies always like something that's both sentimental and from a bygone era. Images of Victorian style Angels are the ticket. Give this gift, the recipient may not play with these cards, but she'll enjoy looking through the deck.0 of 0 people found the following review helpful. angel playing cardsBy cindyUnbelievable! I ordered 2 sets of cards on Monday, 12/13 with regular shipping. They showed up at my house the NEXT day via UPS, and this was during the "Christmas rush"! The cards are absolutely beautiful!

A memorable way to express holiday joy and greetings. Christmas angels from vintage postcards have been reproduced in full color in this beautiful playing card deck. Fifty-four different angel scenes appear on the card faces.
