Opening leadsBy benzgalexcellent book, great for any level of bridge player - glad I purchased it - a good read - must have0 of 0 people found the following review helpful. RecommendedBy MDLThis book was cited as a quality resource for intermediate+ players in a recent class on "Opening Leads". I found it to be very helpful, clear and concise, and full of examples.1 of 1 people found the following review helpful. Open with ConfidenceBy Joe V.Excellent opening lead situations that stump you every day. 95% appears to be usable the next time you play.This book contains 100's of examples and quiz problems. The intermediate level player will become a better "leader" just by studying this book one or two times. It contains a pre-read quiz which tells you how much improvement you need. Take it again a few months after reading the material to see how much you have improved.If your score hasn't improved, you either didn't study the material seriously, you were too good to begin with, or you need to find a new hobby.

This is a comprehensive treatment of the most important single aspect of contract bridge - the opening lead. The advice is presented by the use of illustrated games, backed with the reasoning behind each move.
