SmithAnyone who plays bridge enough to really appreciate the kind of mind that would develop Jacoby transfers will recognize the value of this book. It focuses mostly on team play, but the advice is good for two players also.3 of 3 people found the following review helpful. Complete Canasta bookBy gramsI am 71 and played Canasta with my Mother as a child. Complete Canasta brought back the game rules. Love it.8 of 8 people found the following review helpful. CanastaBy Joel E. LeeI bought this book to learn how to play Canasta. It is well written, and easy to learn from. The rules are thoroughly explained, and strategy too. I like it!

The decorative dust jacket adds much to this vintage first edition, first printing hardcover. The jacket is foxed and shows wear and small chips along the edges from use. A mylar protector has been placed over the DJ. A lovely First, with clean pages and tight binding. LISTEDBY(KAD)
