Iain Macintosh : The Football Manager Guide to Football Management before purchasing it in order to gage whether or not it would be worth my time, and all praised The Football Manager Guide to Football Management:

3 of 3 people found the following review helpful. The Tonton Zola Moukoko of Football Manager booksBy CustomerPersonally I didn't expect much from a book about Football Manager (even though I'm a fan of both the game and football in general). So imagine my surprise when this turned out to be witty, insightful and really rather well put together.In fact, this is great read for football fans in general - whether they play Football Manager or not!0 of

0 people found the following review helpful. Great read and witty as always
By Dan DuPreeI've become a huge fan of Iain Macintosh's work over the past years, and this read does not disappoint. A bit more serious with less Iain snark/humor than usual, but well written as always. The interviews and behind the scenes insights are fantastic.

By le quang haiYou don't need to be a Football Manager player to enjoy this book. I had a great time enjoying stories about real life football managers, especially the ones in lower leagues.

While most Football Manager players feel they possess innate tactical awareness, on point man-management skills and a gift for dealing with the media; even the most hardened fan would have to admit theres much to be learned from those who ply their trade in the real world. If you want to make an immediate impact on your struggling hometown club, you need to refer back to Sir Bobby Robson. If you want to lay down the law with your young players, you need to take tips from Sir Alex Ferguson. Want to avoid a financial catastrophe? Then learn from Leeds United! So if, at any point in your life, you have imagined yourself in a tracksuit, waving your arms in the air on the touchline, with your perfect XI scribbled on the back of a beer mat and thinking ahead to the press conference, then this book is for you. After all, youre already a football manager . . . you just havent been appointed yet.

About the AuthorIain Macintosh is the author of Football Manager Stole My Life.
