John Emms : The French Tarrasch (Batsford Chess Opening Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised The French Tarrasch (Batsford Chess Opening Guides):

0 of 0 people found the following review helpful. I like the book a lotBy Bill McGearybook as described, I like the book a lot, shipped as indicated. Good Experience20 of 21 people found the following review helpful. Excellent book for experienced French DefendersBy A CustomerThis book has all the nuts and bolts to the French Tarrasch. It is, however, a book I wouldn't recommend to a newbie at the French Defense, as it does get a little complex at times. I would recommend reading "Winning with the French" to get an overview of the French Defense, and then read books

like this one to dive more into the theory of specific lines (in this case, the Tarrasch). This book can also be of use to those that play the Tarrasch as white and would cover a lot more of what they need than some French book that is 200 pages with only say, 34 pages on the Tarrasch and 5 annotated games.

The Tarrasch Variation is White's soundest response to the French Defence and is favoured by positional and tactical players alike.
