Once I got it prior to giving it away for Christmas I enjoyed looking through it and seeing the cute little memories and how they were worded. This is perfect for the nerd-tastic family and so cute to record their little firsts. I would recommend this book! 0 of 0 people found the following review helpful. My husband loves it By Ashley Davis Haven't used it yet, but my husband was really excited to get this as a gift. Looking through it, I can tell we're going to really enjoy it. 1 of 1 people found the following review helpful. Buy it you must By Natalie Ailer I bought this for my best friend. They said it is the best gift for a "geeky" family. It has become my go to gift for all of my non-traditional nerdy/geeky friends.

"There are any number of baby books...for new parents, but none I couldn't put down...until I saw The Geek Baby Book by Tim Mucci. I think what makes this book so clever...are the words of wisdom...that honestly should be in every baby book. If you know a geeky parent-to-be...this is the gift they'll remember more than any baby blanket." --CoolMomTech/Cool Mom Picks "This is one of those books that Mrs. Rookie Dad and myself wished we had when the Rookie was born. Tim Mucci has really created a book that you will cherish as your child levels up in life. You will want The Geek Baby Book on you and your child's quest to every first in their life." --The Rookie Dad "This is a hilarious twist to the every mom edition of baby books and journals. Don't worry, Mom will have fun with this book, too. It's a great item for parents that are deeply happy with their own Geekdom." --Nashville Parent "The Geek Baby Book is perfect for the newly minted GeekDad. Record important events from the year of baby's birth, like the best comic of the year. Fill out handy quizzes to see if your baby may be a Jedi or a wizard. There's even a section on one of your biggest responsibilities as a new parent: deciding how to share Star Wars with your young Padawans." --GeekDad About the Author Tim Mucci has had fiction and nonfiction published by Slice Magazine; has written a Star Wars comic story for Dark Horse Comics; and has adapted The Odyssey, Tom Sawyer, and other classics into graphic novels for Sterling Publishing.
