VERY INTERESTING BOOK By NG - A Real Comment I am a huge fan of The Godfather movies particularly 1 2 and this book is a very good source of information about the movies. Also has a lot of pictures I had not seen before. If you are a fan of these movies this book will be very interesting to you. I like reading about things that were going on behind the scenes. Its interesting that in this picture

you have so much talent and all working at different intersections of their lives and this movie launched everyone into stratosphere from Francis Ford Coppola to Al Pacino, James Caan, Robert Duval, Robert de Niro, and Paramount Pictures. It really is a very interesting time. I think a lot of these actors and director did their best work in this movie. Really one of the greatest movies ever made.0 of 0 people found the following review helpful. The ultimate Godfather book!By Linn CarpenterThis book is incredible! It's definitely for the hardcore, devoted Godfather fan. This book is pricey, heavy and hard to find, but it's totally worth it. The photos and inside information alone are priceless.
