All of his books include variations on standard connect-the-dot puzzles. With ever-present attention to detail, increasingly complex images and fine-tuning of his craft with each new book, The Greatest Dot-to-Dot Super Challenge Book 7 raises the bar for dot-to-dots. Ages 8 to Adult.

David Kalvitis has the best set of Dot - To - Dot books you can purchase. The others are cheap imitations and don't come close to the world class quality David brings to his work. He still creates every inch of these books by himself and his commitment to excellence has never wavered. I still buy these and give them as presents all year long. The best thing about David's work is he is constantly fine tuning his craft to make the next book even better. --Terry Stickels, Frame Games AuthorFrom the AuthorA Note from the AuthorConnect-the-dot puzzles are a fun, quiet activity that I always enjoyed as a child. As an adult, I found that all the books available were for young children just learning their numbers, with drawings that gave away the final pictures. Being a lifelong puzzle fan, I thought it would be fun to design a sophisticated and challenging dot-to-dot book for older kids. My objective was to create a magical dot-to-dot experience, not only by increasing the numbers and image quality, but also by inventing new and refreshing ways of creating pictures. Adults repeatedly tell me, "I used to love dot-to-dots as a kid!" One of the most satisfying surprises is that grown-ups enjoy the puzzles as much as kids. It is also exciting to hear of the numerous ways that the books have been used for teaching and rehabilitation. The Greatest Dot-to-Dot Books have won multiple awards and the puzzles can be found all over the world in newspapers, magazines, catalogs, various stores and on the Internet. I'd like to think it's because I've tried to push dot-to-dots to a new and unexpected level, striving to create a modern day dot-to-dot revolution! Have fun! From the Inside Flapn/a
