They're not too easy, not too hard, and the clues are clever. I do them before falling asleep because it helps clear my brain of the days' issues. After finishing the 2007 USA Today

crossword book, I was disappointed that Andrews McMeel Publishing didn't come out with a new book of USA Today crosswords. The ones in the Green Book are a little easier than those in USA Today but still enjoyable. The answer grids in the back are well organized, so if you get stumped you can get one or two answers and finish the puzzle.0 of 0 people found the following review helpful. he Green Book of Crosswords: 200 PuzzlesBy hgordonfTHANKS !!!
