DIAMOND, HEART AND SPADE. She is unquestionably the best bridge teacher for a novice. In layman's terms she is able to explain and unravel the mysteries of bridge. If you begin with the club book and progress through the series as they increase in difficulty... club, diamond, heart and spade you will be able to teach yourself how to become proficient in bridge painlessly. Her books are written in lesson formats... and they are used by many people who instruct bridge classes i.e. adult ed. Buy one... I'm sure you'll add the other three to your library. I also highly recommend her "Bridge at A Glance" pocket guide which is a quick synopsis of bidding and the appropriate responses thereof. I bought many bridge books before I stumbled upon Audrey Grant and wish I had found her books first! Good luck! 0 of 0 people found the following review helpful.
