If you are a really great bridge player, I doubt that this book will help except to reinforce what you already know. But for someone like me it is a fantastic resource.1 of 1 people found the following review helpful. Very niceBy S. Renowned bridge educator Audrey Grant looks at defending against notrump contracts with a focus on how the opening lead impacts subsequent defense. She covers the oldest maxim, when to lead partners suit, why to avoid leading the opponents suit, what to lead from a sequence, when to lead the top of nothing, and when to take the tricks and run. Sixteen practice deals help the advancing player improve. Additional deals illustrate the various points.
