From Brand: Chambers : The Independent Book of Super Sudoku before purchasing it in order to gage whether or not it would be worth my time, and all praised The Independent Book of Super Sudoku:

4 of 4 people found the following review helpful. LOVE THESE PUZZLES!By Michele M. PhillipsThe puzzles presented in this book are great! With the addition of 6 letters of the alphabet, the sudoku grid becomes even more challenging! My only gripe with this book is that the puzzle grid is too small. I have had to enlarge each page in order to complete the puzzles. If more of these puzzles are published, please increase the grid size!!!0 of 0 people found the

following review helpful. Five StarsBy CustomerLOVE0 of 0 people found the following review helpful. FunBy WSWI have really enjoyed this sudoku book. If you are looking for something more challenging this is it. I just wish I was able to find more books like this one.

For puzzle solvers who want the ultimate sudoku challenge, The Independent Book of Super Sudoku takes these addictive brainteasers to a new level with an expanded 4-by-4 box. The idea remains the same as ordinary sudoku, but the larger grid adds a whole new dimension of complexity. Now puzzle users must fill in a 16-by-16 grid so that every row, column, and 4-by-4 box contains the digits 0 through 9 and the letters A through F. More challenging and more time-consuming, with three times as many squares per puzzle, this book is sure to please all sudoku fans.

About the AuthorThis internationally renowned reference publisher continues its celebrated tradition of excellence into the present day with such informative and authoritative works as the Chambers Crossword Dictionary, Chambers Encyclopedia, Chambers Biographical Dictionary and the all-new ChambersDictionary of Quotations.Chambers is based in Edinburgh, as it always has been, and employs editors with a wide range of skills on dictionaries and other titles for a variety of users, including students and teachers of English as a foreign or second language.
