But, the inside covers have colorful environment concept art from the game. The front inner covers have Boston in ruins and the back inner cover has the winter environment similar to David's compound. I do wish it included more game like features such as letters Ellie or Joel collected or photos, but it is what it is. There are plenty of high quality lined pages (192). The paper is thick enough to handle most inks. I found the Sharpie pens (not markers) do not bleed through. I like to draw inside mine, too. The cover is a bit "fragile" when it comes to daily use blemishes. But, it won't fall apart on you. In this case, the weathered appearance that happens lends itself to the abuse the journal would go through in the post apocalyptic world of the game.1 of 1 people found the following review helpful. meant for a true fanBy Clariceits a really nice journal and the price is decent. this is something meant for a true fan of the last of us. i personally would consider this a collectors item more than an everyday journal.

Deluxe writing journal based on the world of one of the biggest hits and most exciting debuts in gaming today.Armed with a compelling narrative and gripping, intelligent game play, the best-selling and critically acclaimed The Last of Us has ensnared gamers all over the world with its grim tale of survival. Set in the aftermath of a global epidemic that brings civilization to its knees, this enthralling game follows an unlikely pair of survivors as they trek across the decimated country, fighting off ruthless bandits and ferocious swarms of the Infected. This deluxe journal captures Joel and Ellies visceral world and engrossing journey, inviting players to chronicle their own epic adventures. Available with ruled pages, each journal features cover art, textured scuff- and fingerprint-resistant leatherette covers, and full-color endpapers that showcase visually arresting images from the extraordinary game.

Page after page of incredible visuals straight from the game or concept artists drafting table festoon the pages. Theyre all incredibly colorful, impeccably created, and printed on very high quality paper. Flipping through the pages brought me closer to a game that I already loved so much. It pulled me deeper into the lore and the psyche of each of the characters. In a sentence: This poster book is so good that Ive torn out a number of the pages and had them framed.Geekadelphia
