Beautiful calendar that covers all of the games.By E.TaylorI bought the 2017 one to use for 2017 (shocking) and I loved it so much I ordered the 2018 version. The calendar is well made and has enough room per day to write all my classes and events without squishing them. I also enjoy the layout and mini pictures that compliment the large ones.0 of 0 people found the following review helpful. PerfectBy SuesouixGreat looking.
