Artist, engineer, inventor, anatomist, geologist cartographer and more: Leonardo da Vinci gave so much to the world. His fertile mind and scientific approach were centuries ahead of his time and many of his works reputedly hold secrets in the form of codes and puzzles. Inspired by da Vinci's paintings, sketches, diagrams, and writings, this codex offers more than 150 enigmas to solve, from logic problems and riddles to code breaking, all beautifully illustrated in the style of the master.

About the Author Richard Wolfrik Galland is a writer and games designer. He has worked as a magazine editor for Games Workshop and designed games for Hasbro and Sony Japan. He is now creative director at Warm Acre games. His previous books include Lewis Carrolls Puzzles in Wonderland (Carlton).
