because this is a fun and challenging book to work in and it will keep your mind challenged and give you something fun and entertaining to do. 2 of 2 people found the following review helpful. Games! By David Challenging! Really addicting and frustrating at times but certainly fun and challenging. As always very happy with the customer service and the product! 2 of 2 people found the following review helpful. mind games not brain games By Lerin This book is ok. I was looking for games that would challenge my brain and keep it active. Some of the games do that but far more of them are set up like riddles that annoy me more than they actually challenge me (Some of the riddles I remember from my grade school days). I have also found two misprints in the book so far. I found that I like the packet posh brain games over this book but if you like riddles you will like this book.

What measures 4-1/4 inches wide by 5-3/4 inches high and provides hours of entertainment, yet makes time stand still? The Little Black Book of Brain Games, of course! Packed with dozens of puzzles and problems to entertain your brain, this pocket-sized book will challenge your skills with words, math, and logic. Portable size makes it easy for travel. Durable hardback format. Concealed wire-o binding. 208 pages. Book lies flat for ease of use. Elastic band attached to back cover keeps your place or keeps book closed. Also makes a perfect little gift book for your favorite puzzle fan!
