Hy Conrad, Matt LaFleur : The Little Giant Book of Whodunits (Little Giant Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Little Giant Book of Whodunits (Little Giant Books):

1 of 1 people found the following review helpful. Fun Yet Sometimes Too Simple to SolveBy Stephen ShapiroI love Hy Conrad's books. This one is not quite as good as some of his other mysteries. These are very short and usually quite simple to solve. Good for a teenager.P.S. I upgraded it to 5 stars. Even though the mysteries are not quite a sophisticated as some of the other Hy Conrad books, he packs a lot into a small space. Although many are easy to solve, there are quite a few that are extremely clever.0 of 0 people found the following review helpful. I like to bring this book with me just in case ...By Breanna TI like to bring this book with me just in case I ever need to waste time or wait around for anything because it definitely makes time go by faster. Some of the stories are easier than others and the answers are all in back if needed. Pretty good mysteries too!0 of 0 people found the following review helpful. I had order one previously and my friend loved it so much and thought I would never find ...By Barbara PaddockI had order

one previously and my friend loved it so much and thought I would never find it but is a life saver for so many things and gave it to her at Easter time and takes it with her while sitting in the doctor's office so they are great for very short crimes to figure out.

Solve crimes like a detective, find clues where nobody else would think of looking, trap suspects with their own words, and ignore facts that appear to be significant but are only distractions. Better than a police academy course, all 80 of these simple stories will show you how to find the culprit while everybody else is completely confused. You'll make your town's Christmas merrier when you find out who shot Santa Claus. Figure out which family member poisoned the man of the house while he was watching the Super Bowl, and which housekeeping staffer hid a ruby necklace in a liquor bottle in plain sight. As you explore these fascinating whodunits, you'll enter a bizarre, glamorous, and dangerous world of mobsters, millionaires and heiresses--even detectives themselves. In case you can't outwit the bad guys, just turn to a special section of solutions to each mystery, including an explanation of each clue. Sterling 352 pages, 102 b/w illus., 4 3/16 x 5 1/4.
