By B. D. M. I am a puzzle fanatic and just received this as a gift. Ugh, it is a collection of poorly thought out and poorly worded puzzles that the author simply added some medieval-sounding flair to. Highly disappointing. I cannot recommend it to anyone.

The Medieval Puzzle Collection challenges you to a mental joust! These fabulous puzzles, riddles, enigmas, and conundrums will transport you back to the age of knights, castles, and sprawling empires. A narrative spanning continents and centuries goes from the glory of Byzantium to the horror of the Black Death, from the Golden Age of Islam to the Viking invasions. Each beautifully constructed puzzle features authentic medieval imagery.
