I ordered "The Merriam-Webster Crossword Puzzle Dictionary,Second Edition," copyright date 1997. The book that I received was "The Merriam-Webster Crossword Puzzle Dictionary" copyright date 1992. It does not have as much up to date information as the later edition. The book was in excellent condition, as advertised, but not the one I wanted. I was very disappointed because they told me the Second Edition was in stock..0 of 0 people found the following review helpful. A fantastic reference; highly visible without "cheater" glassesBy JP BooksA fantastic reference; highly visible without "cheater" glasses, and the words are grouped by number of letters. Easy to use, fairly comprehensive. Only drawback is the binding has completely busted apart, so the book is now in about 40 pieces. Despite this drawback, it resides on our crossword table and sees plenty of action.

Updated and expanded, this new edition was created by crossword puzzle lovers, and it's more useful than ever before. Its remarkably complete word lists and unique organization make it easy to find answers to even your most vexing crossword puzzles.
