1 of 1 people found the following review helpful. UselessBy Aidan Lee-CalameraShow no instructions save your money and buy a good book like the creative furniture guide this guy should ad illustrations

This book is tailored to provide you with some ideas to utilize and improve your creations with Redstone as well as inform you about the plethora of things that can be derived from it! Please understand that, while this is meant to educate, this is not a detailed, step by step guide for each and every way Redstone can be used in Minecraft. To keep the pacing of this book fast and and to the point, only those methods of using Redstone that are quick to do and detail will be extrapolated upon at any considerable length, as they often provide a baseline for what you may need for more complex applications.

About the AuthorThe Blokehead is an extensive series of instructional/how to books which are intended to present quick and easy to use guides for readers
