Simon Williams : The New Sicilian Dragon before purchasing it in order to gage whether or not it would be worth my time, and all praised The New Sicilian Dragon:

1 of 1 people found the following review helpful. The author does a great job of giving his analysis of positions but it ...By eric friedInteresting read although this is such a new system theory hasn't had time to really prove or disprove much of what is shown in the book. The author does a great job of giving his analysis of positions but it seems like it would be better to wait for s later title on this opening. But if you are looking for a new wrinkle to throw into your Sicilian dragon defense this book had some very interesting ideas that can catch low to medium rated players and

players in blitz off guard and give you an advantage6 of 6 people found the following review helpful. Another high quality everyman series bookBy AreviewerIf you like the everyman series books of openings you will also enjoy this book. I'm not an expert on the sicilian in fact I've just started this type of opening knowing more about the slavs but found the book enjoyable to read. He sometimes veers off from what is standard opening book on certain moves. I noticed that this book more than other everyman books accepted moves that werent mentioned in fritz as standard deep thought lines. Great book well written highly recommended if the dragon is your interest.2 of 2 people found the following review helpful. Dragon-NajdorfBy Gary BowersThis book proposes an new way of playing the Sicilian Dragon by black. The new move order has been proposed in view of black's lack of success against 9.0-0-0 in the Yugoslav Attack. The idea is a Sicilian Dragon-Najdorf hybrid featuring an early ..a6 by black. This particular hybrid has a number of different names. According to Rybka this style of play is probably black's only hope in view of the dire situation with all black's replies to 9.0-0-0 by white in the Yugoslav Attack.

Grandmaster and well-known Sicilian Dragon expert Simon Williams takes a totally fresh look at this famous opening. Concentrating on his favourite Dragadorf Variation, Williams constructs a cutting-edge repertoire for Black, one which is perfect for the modern Dragon player who wishes to cause his opponents maximum problems in the opening. The Sicilian Dragon is a highly popular opening, ideal for players of all levels. It enjoys such a great appeal because it leads to fascinating and fun-to-play positions in which both players regularly attack each other's kings with total inhibition.

"This book can be recommended to payers from 1800 on up who are looking for a hot but not too spicy nor too heavily analyzed line of the Sicilian." John DonaldsonFrom the Back CoverGrandmaster and well-known Sicilian Dragon expert Simon Williams takes a totally fresh look at this famous opening. Concentrating on his favourite Dragadorf Variation, Williams constructs a cutting-edge repertoire for Black, one which is perfect for the modern Dragon player who wishes to cause his opponents maximum problems in the opening. Drawing upon his considerable experience and using illustrative games, Williams covers the key tactical and positional ideas for both players, and highlights crucial modern day themes such as the importance of move orders. The Sicilian Dragon is a highly popular opening, ideal for players of all levels. It enjoys such a great appeal because it leads to fascinating and fun-to-play positions in which both players regularly attack each other's kings with total inhibition. *A repertoire for Black in the Sicilian Dragon*Provides answers to all of White's options*Packed with exciting games, and original ideas and analysis Simon Williams is an English Grandmaster who is acclaimed for his dynamic and spontaneous attacking style. He has represented his country at both junior and senior level, and has enjoyed numerous tournament successes. He's also an experienced author, whose previous books have received great praise.
