By Larry Fryer Having been disappointed by a number of crossword puzzles book that "claim" to be easy, this series is TRULY what it claims. These puzzles really help those of us who enjoy successfully completing a puzzle without using a dictionary, cheating by looking at the answers, or feeling like a failure when only 1/3 of the puzzle is within my scope of information. Success is contagious and totally addictive, as are these puzzles. Bravo to Will Shortz and THIS SERIES for providing us with these accomplishments. 0 of 0 people found the following review helpful. lovin'By grandmacI love easy crossword puzzles when I am oxygen deprived at 30,000 ft. in the air. I can still manage to complete these without getting frustrated by trying to think clearly! These puzzles are great for a quick fix when I have a little time on my hands and don't want to get involved in a challenging one.3 of 5 people found the following review helpful. Nice GiftBy Trinity DiodoreI bought this gift at Christmas for a few difficult-to-shop-for people. It seemed to go over well--the only comment I heard was that it seemed a bit difficult and there were concerns if they would be able to complete it. Supposedly, these crosswords feature puzzles with more pop-culture and current news questions, so older recipients may have a harder time. Nice book though.
