The New York Times : The New York Times Large-Print Stay Sharp Crosswords: 120 Large-Print Easy to Hard Puzzles from the Pages of The New York Times (New York Times Crossword Collections) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The New York Times Large-Print Stay Sharp Crosswords: 120 Large-Print Easy to Hard Puzzles from the Pages of The New York Times (New York Times Crossword Collections):

16 of 16 people found the following review helpful. Another good Will Shortz crossword book By Errol Levine I really

like the large-print in this crossword book. It's so much easier than having to cope with some of Will's other crossword books where even with reading glasses it's a strain on the eyes. Also, the book is easy to handle with the pages opening so that the book is almost flat. Therefore, there's not the common problem of struggling to keep the book open at the page one is working on. As in all these books, the puzzles are of variable quality with some being very entertaining and others being dull and somewhat silly. This, of course, reflects the multiple authorships. The puzzles are classified into easy, medium and difficult. Therefore, you can choose your puzzle depending on your mood and the amount of time you have available to solve it. This crossword book does not suffer from the common problem of recycled puzzles from older books as far as I can tell. I'd recommend this book to all crossword puzzle lovers but particular to those getting on in age!

25 of 26 people found the following review helpful. Great challenges

By N. Hart

In many bookstores, crosswords in large print are too easy. Just because one is losing one's vision doesn't mean one is no longer intelligent enough to try a challenge. This book of puzzles is great because it is divided into "easy", "medium" and "hard" sections. The easy ones are more of a challenge than most large print puzzles in the book store yet they are fun and quick to do. the medium ones range from not so hard to "oops, did they put this one in the wrong section?" The hard ones are real posers and fun to work on - even if some are really tough. A thoroughly enjoyable book to have. Will send for more when I finish these [and I will!]

7 of 7 people found the following review helpful. A bit too clever!

By Mrs. J. Moe

This was a good book, but some of the clues (even on the Easy ones) really were pretty far-fetched. Also, there were no explanations on some of the puzzles with shaded and/or circled squares, so it made it difficult, if not impossible, to quite know what I was doing. I think a little helpful word would be in order.

Large-print type may make these puzzles from the pages of The New York Times easy on the eyes, but they will still challenge the brain. The New York Times Large-Print Stay Sharp Crosswords features:

- \* 120 easy-to-read crossword puzzles
- \* All levels of difficulty
- \* Edited by crossword maven Will Shortz

Will Shortz, crossword editor of The New York Times, is [the crossword book world]'s John Grisham. Martin Arnold

The Riddler's got nothing on Will Shortz. Time Out New York
