and still see the numbers of the clues in the boxes. So far, I haven't found a lot of very clever clues, and many of the puzzles are heavy with names of famous people--not my favorite. 0 of 0 people found the following review helpful. Great Puzzle Book In Large Print By Ottosmom Happiness is having a crossword puzzle that I can read! Also, it's progressive going from easy to medium to hard. A build up before the challenges begin. 0 of 0 people found the following review helpful. ... never bought this had I known it consists of Easy, Medium and Hard By Seaside Diva Would have never bought this had I known it consists of Easy, Medium and Hard. The Easy are too much so, Medium just right, and the Hard impossible! The large print is over the top large, and there are no listed "themes" for the puzzles. I enjoy looking at the theme of a puzzle so I can have a clue as to what the author is going for; kind of a puzzle in a puzzle.

Large-print type may make these puzzles from the pages of The New York Times easy on the eyes, but they will still challenge the brain.
