By Joe SkroteI won't give anything away but one of the completed answer puzzles in the back of the book doesn't include the trick or gimmick that makes the puzzle work. It's a glaring omission that I found surprising in a NYT puzzle book. I figured out the trick myself (with some difficulty) but I suppose someone who gives up and wants to see the answer may still not understand it. It's still a good puzzle book but I docked it a star for the proofreading miss (I was a tough boss in my previous life as a news editor). 5 of 5 people found the following review helpful.
