Many have reasonably clever clues and are fun to do, and you're reminded of the wonderful way English words can have so many different meanings, depending on context. But there are few tricks in the puzzles, so no "ohos" when you figure out the pattern. Even so, this has been one of the

more satisfying crossword books I've bought. The puzzles don't seem to be too old, as they are in some collections.4 of 4 people found the following review helpful. Tough but FunBy InwI My husband and I love doing crosswords together. We are about 1/3 of the way through this book and have been enjoying it very much. We also really like the binding which allows the book to lay flat. No peering into the spine side trying to make out the last few letters of a clue. It's all good.3 of 3 people found the following review helpful. Nice large format of grid cluesBy Anne Johnson Nice large format of grid clues, and spiral binding is convenient for doing 2 out of book. A bit challenging, but doable.
