Crystal Love : The One World Tarot Deck Book Set with Book(s) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The One World Tarot Deck Book Set with Book(s):

0 of 0 people found the following review helpful. ELEMENTARY TAROT ASTROLOGY By Customer A MISSED OPPORTUNITY to show ASTROLOGICAL ASPECTS in the ASTROLOGICAL LAYOUTS. ELEMENTARY TAROT BOOK 2 of 2 people found the following review helpful. One World Tarot By Alice Kashuba The set of Tarot cards accompanying this book is best used by focusing on the 21 cards of the Major Arcana. These cards are colorful.

The symbols are unique, having been generated by a computer graphic artist, Michael Hobbs. He uses symbols from various traditions (eg. Egypt, China, India, Judaism, Astronomy) to focus concisely on basic archetypes. Meditation on the Major Arcana brings to the surface new memories and insights. Astrological symbols are assigned to each card. The accompanying book gives the author's explanation for the astrological symbols. Each explanation includes a brief thought on the symbol, an extensive astrological interpretation, and quotes from other Tarot interpreters. The book is a good supplement for an astrologer or tarot reader who wants to combine the work of Tarot and Astrology. The interpretation of the cards of the four suits give brief, but to the point, information. They are best used in astrological readings. The author's understanding of astrology is soundly based. While she does not avoid the down side of life, her overall approach is positive to personal and life situations. I personally found this Tarot book/card set useful for helping me move away from being too analytical. I was able to improve my ability to focus more on the intuitive side of the information. I highly recommend this deck and accompanying book for someone who is in the beginning stages of combining tarot and astrology.

tarot deck and book set that also combine astrology and symbolism
