**Editors of Nikoli Publishing : The Original Sudoku Page-A-Day Calendar 2010** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Original Sudoku Page-A-Day Calendar 2010:

0 of 0 people found the following review helpful. Challenging Calendar By J. Selinger I've really enjoyed playing Sudoku, and let me tell you this is a challenging set of puzzles. Very easy is more like easy, easy is medium, medium is hard and hard can be really hard. I personally love the hard puzzles. they are a real challenge and when your through you can check your work on the back of the page. the 2009 puzzle had black ink for the key so unfortunately you could kind of see through it. But this one the key has light blue ink so it's harder to see through it. I highly recommend this product and you'll have a lot of fun! Also when you purchase this they will email you a page of a calendar of your choice each day. The Original Sudoku Page-A-Day Calendar 2010 4 of 4 people found the following review helpful. Cheerful and entertaining By Linda A. Marlia I enjoy playing Sudoku and the puzzles in this calendar are entertaining. The colors make it a cheerful addition to my desk top. I buy it every year and it's become part of my New Year's celebration to take it out of the package and do the first puzzle. The bonus of getting access to another Page-a-Day calendar online with my purchase is a nice extra. 0 of 0 people found the following review helpful. my bad By Deloris Lorenzo Returned did not like the colored pages. Ordered the whit original one. My husband has trouble seeing the colored pages.

Printed in eye-catching full color, this is the Sudoku calendar that sets the standard with an engaging new puzzlehand-designed by the masters at Nikoli, the Japanese publisher that launched the Sudoku craze for every day. Each pits you against its creator and possesses a level of challenge, nuance, and elegance that computer-generated puzzles can't match. The calendar begins with the easiest puzzles each weekend, and offers progressively more difficult ones over the course of the week. For Sudoku lovers, it's a daily fix.

About the AuthorPuzzability, based in New York, includes Mike Shenk, who has written puzzles for Games magazine and its offshoots, and provided daily crosswords for a major newspaper syndicate. He is currently the crossword editor of The Wall Street Journal; Amy Goldstein, a trivia buff and wordsmith who has served as associate editor and managing editor for Games magazine and its sister publications; and Robert Leighton, an illustrator, writer, New Yorker cartoonist, and creator of unique visual puzzles.
