So much fun! By Katie F When I saw The Penguin Classics Crossword Puzzles online, I sort

of freaked out. I am a huge fan of crossword puzzles, but I don't know much trivia about sports, military history, or music, so most puzzles I abandoned after many hours of frustration. This puzzle book is the perfect outlet for anyone who is a fan of literature and the classics. Each crossword has a witty theme - some are definitely more challenging than others (although the publisher says that the puzzles are easy to medium). Some are rather difficult with more obscure works, but there are also puzzles that will take you back to your high school/college required reading lists. Tausig has a lot of experience with crosswords - he has contributed to The Onion, USA Today, the LA Times, and The New York Times. All together there are 75 great puzzles which will give you hours of entertainment. The solutions are in the back of the book, and they are actually readable! Most crossword puzzle books make them too small to read, or put them upside down, but this collection makes none of those mistakes.

A unique treat for fans of wordplay and lovers of literature. In celebration of the sixty-fifth anniversary of Penguin Classics, Ben Tausig brings together sixty-five puzzles (and ten bonus ones!) about the series' beloved books, authors, and characters. Constructed by the top crossword creators in the business- including many New York Times regulars- these original puzzles feature themes spanning everything from Greek mythology to F. Scott Fitzgerald to movie adaptations of Jane Austen. A mix of straightforward clues, amusing puns, and surprising twists will entertain and challenge casual puzzle solvers of all ages. Includes crosswords at difficulty levels easy through medium.

About the Author Ben Tausig began creating crosswords in 2004 and is now the editor of The Onion A.V. Club crossword. He also enjoys running, watching baseball, and cooking with his wife.
