Andy Warhol : The Philosophy of Andy Warhol (From A to B and Back Again) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Philosophy of Andy Warhol (From A to B and Back Again):

0 of 0 people found the following review helpful. Post modern work of art. By Daniel M. Cohen This is a great book. An artifact, not unlike his best work. Forthright, funny, lacking in pretense. Simply the man, in his own words. 0 of 0

people found the following review helpful. I would have liked to see more examples of his work in accompaniment ...By C.H.M.I never appreciated the philosophy of Andy until I attended a showing of his work side by side with Georgia O'Keeffe's work. Of course I was prejudiced in favor of O'keeffe. However when I saw their work side by side, I could see a similarity in their philosophies that I had never imagined.I would have liked to see more examples of his work in accompaniment of all the wordiness of the book. What is the saying: "A picture is worth a thousand words".0 of 0 people found the following review helpful. I was sad that the book had to come to an endBy Bluebonnet MavenCompelling, entertaining, digestible, and well-written vignettes. I was sad that the book had to come to an end.

A loosely formed autobiography by Andy Warhol, told with his trademark blend of irony and detachmentIn The Philosophy of Andy Warholwhich, with the subtitle "(From A to B and Back Again)," is less a memoir than a collection of riffs and reflectionshe talks about love, sex, food, beauty, fame, work, money, and success; about New York, America, and his childhood in McKeesport, Pennsylvania; about his good times and bad in New York, the explosion of his career in the sixties, and his life among celebrities.

PRAISE FOR THE PHILOSOPHY OF ANDY WARHOL"Acute Accurate.Mr. Warhol's usual amazing candor.A constant entertainment and enlightenment."--Truman Capote
