John Howard Lawson : Theory and technique of playwriting before purchasing it in order to gage whether or not it would be worth my time, and all praised Theory and technique of playwriting:

4 of 4 people found the following review helpful. so educatioal and socially relevantBy OneAnacondaLawson proves that his approach is "no nonsense" and that he is not trying just to sell you his book over another book on the subject. He details history and approaches to weaving a story and plot and challenges the writer to create character actions that are not able to be questioned as to why those actions were taken. His approach to presenting the social necessity prompting actions that change the lives not only of characters but the world around them is quite informative. Learning that the obligatory scene is not the climax and that what authors choose for the climax usually is not supported by adequate causes for such actions taken is priceless for a developing writer.I continue to read the book over and over again and always get new insights into the craft of playwriting.1 of 1 people found the following review helpful. required reading for playwrights and screenwritersBy skepticI've never understood why this book isn't more well-known. Lawson was a gifted dramatist, and his Theory and Technique of Playwriting contains a great deal of invaluable, detailed nuts-and-bolts information about the craft that screenwriters and playwrights won't find anywhere else. It may not be a breezy read, but it's every bit as worthwhile as titles by Egri, Field, and others.2 of 3 people found the following review helpful. Brilliant illegal copy of the bookBy LeftyAs a huge fan of John Howard Lawson, and a friend of his family... this is a bootleg copy of a copyrighted book. Buy an original copy and do not support rip off publishers. Also, check out Lawson's many brilliant plays!!

Pages 352 It is the reproduction of the old book published long back We try our level best to give you perfect book but some time, due to old books some imperfections like missing or damaged Pages left in the book. These are due to the original artefact or left at the time of scanning. We found this book important for current readers who want to know about our old treasure so we brought them back to the shelves for you. We hope you will encourage us by accepting them in this reformed condition. We do not change the contents of the book just make it more readable by removing its yellow background. A coloured Dust cover with glossy Lamination is wrapped on the book. Print on Demand
